

The Hundertwein Bar is the refuge for wine, charcuterie and cheese lovers on both sides of the Limmat. Hundertwein - if that sounds a little bit like Hundertwater, you're right. Because much of what is said about the great Austrian painter, architect and his work can be applied to our wines and winegrowers: Colorful, playful, close to nature. Unconventional; rejecting the straight line. Imaginative and individualistic. Our selection is limited to exactly 100 wines, which together form the Glou Glou 100 Index.
